

### How do you know if you are benefiting from MOAT?

1. You are pain free and rejuvenated in a couple of days.
2. Your family and friends can see positive changes in your health.
3. 3DCCG taken before and 3DCCG taken after the treatment will let us know that the blockage is cleared and that your health is improving.

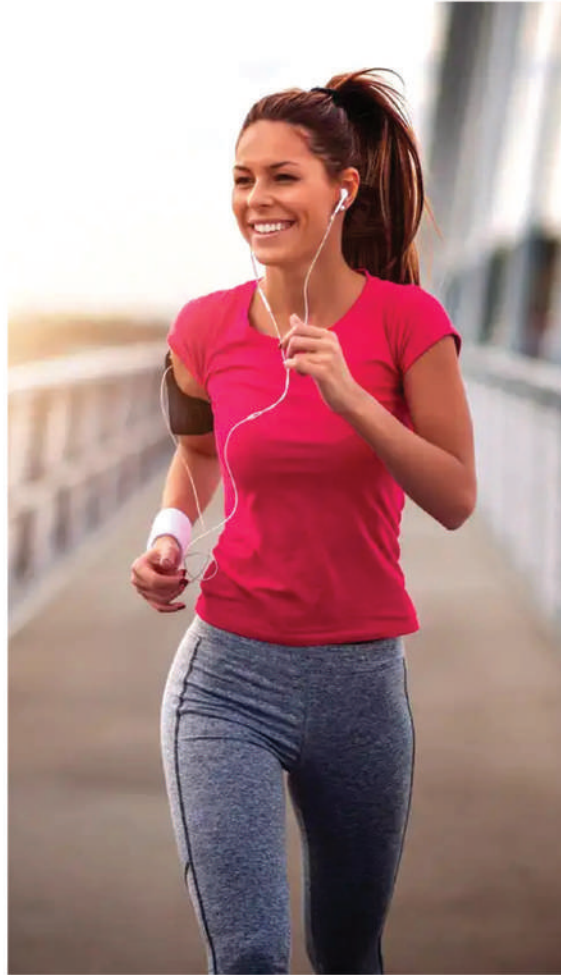

It is a very safe and cost effective treatment available for removal of blockages in the blood vessels. It is the need for the future for living a disease free peaceful life with diet modification and regular exercise, preventing the formation of fat blockages.

MOAT keeps you youthful and rejuvenated.
